

The **Compensation Analyst** conducts complex classification and compensation analyses and assists in related compensation activities for Stony Brook University Hospital. The selected candidate must be comfortable working independently, as well as part of a team based environment.

Duties of a **Compensation Analyst** may include the following but are not limited to:

- Responsible for administering University Hospital compensation programs. Evaluates and analyzes internal salary data, salary history and HRIS transactional data, external market salary data, etc from multiple sources for requests and guidance as needed.
- Researches, analyzes and recommends appropriate compensation levels for new positions and salary review requests.
- Proactively works with leaders to recommend solutions and alternatives to changing needs and growing demands.
- Reviews new position descriptions and changes to current position descriptions for appropriate classification, compliance and organizational soundness.
- Reviews compensation related activities such as requests for extra service, increase in job duties, reclassifications and promotional requests, all in accordance with Hospital guidelines.
- Understands and makes FLSA exemption determinations based upon Department of Labor Guidelines, job descriptions and relevant job data.
- Conducts compensation salary surveys and serves as key contact for survey administrators. Collects, analyzes and manages data/information from various sources.
- Provides guidance to department administrators on classification and compensation related issues and initiatives. Is conversant with NYS Civil Service Law as it relates to compensation issues as well as various collective bargaining agreements.
- Ad-hoc analyses, other duties or projects as needed and assigned.

***THIS IS A TEMPORARY POSITION THAT MAY END AT ANY TIME.***

## Qualifications

### Required Qualifications:

- Bachelor's Degree or higher in Finance, Accounting, Business Administration, Human Resource Management, or a related field.
- At least 3 years of Human Resources experience to include Compensation experience, complex data analysis and ability to report findings to varied audiences.
- Advanced Excel Skills including experience with pivot tables, vlookups, nested if statements, conditional data formatting, count and sumif statements, and other advanced features.
- Proficiency in the entire Microsoft Office Suite.
- Exceptional communication skills both written and oral. Must be able to communicate with clarity and brevity to large and varied audiences up to and including those at the executive level.

### Preferred Qualifications:

- Knowledge of HRIS systems (PeopleSoft preferred) and reporting tools.
- Experience utilizing an Applicant Tracking System.
- Experience working in unionized environments with varying employee classifications.
- Previous hospital experience.

**Special Notes:** Resume/CV and cover letter should be included with the online application.

**Posting Overview:** This position will remain posted until filled or for a maximum of 90 days. An initial review of all applicants will occur two weeks from the posting date. Candidates are advised on the application that for full consideration, applications must be received before the initial review date (which is within two weeks of the posting date).

If within the initial review no candidate was selected to fill the position posted, additional applications will be considered for the posted position; however, the posting will close once a finalist is identified, and at minimal, two weeks after the initial posting date. Please note, that if no candidate were identified and hired within 90 days from initial posting, the posting would close for review, and possibly reposted at a later date.

---

Stony Brook Medicine is a smoke free environment. Smoking is strictly prohibited anywhere on campus, including parking lots and outdoor areas on the premises.

- All Hospital positions maybe subject to changes in pass days and shifts as necessary.
- This position may require the wearing of respiratory protection, which may prohibit the wearing of facial hair.
